

CURRICULUM VITAE

Richard Greene Godbee II, Ph.D., PAS, Dipl. ACAS-Nutrition

33010 North 140th Street
Scottsdale, Arizona 85262
(801)717-7907
rggodbey@gmail.com

Professional Profile

- Outstanding strategic leadership skills
- Strong passion for education and research development
- Knowledge of animal and equine science in both higher education and private sector
- Strong ability to create strategic alliances
- Expertise in building teams with diverse functional memberships
- Development of innovative, effective products adding millions of dollars in revenue
- Member American College of Animal Science
- Service on national, college and departmental committees
- Member American Registry of Professional Animal Scientist

Achievements

- Top Ten Professors, College of Agricultural Sciences, Clemson University
- Established industry supported undergraduate scholarships, Clemson University
- Board Certified in Animal Nutrition
- Elected to Alpha Zeta, Gamma Sigma Delta and Sigma Xi
- Conducted research in companion and production animals
- Numerous Publications, including referred, bulletins popular and abstracts
- Service on Eight Boards of Directors
- Service as Adjunct Faculty at several universities
- Extensive (invited) presentations, talks, seminars, and lectures domestic and international

Education

Ph.D. Animal Nutrition, Colorado State University, 1978.
Major: Equine Nutrition and Production

MS Animal Science, University of Georgia, 1975.
Major: Ruminant Nutrition

B.S.A. Animal Science, University of Georgia, 1973.

A.S.A. Agriculture, Abraham Baldwin Agricultural College, 1971.

Career History

- 2011-Present **Director Technical Service**
Director Research & Development
Nutritional Technical Services Manager
Central Garden & Pet, Phoenix, AZ
- Responsible for internal and external education for marketing, sales, and consumers of the equine nutritional products. Responsible for innovation in nutritionals for equine and companion animals. Review of current products to enhance value to consumers.
- 2010-2011 **Director Education and Research**
Crooked Willow Foundation, Larkspur, CO
- Responsible for producing and implementing the educational program for all types of livestock producers, designing research projects to help answer needs in multiple species of livestock and companion animals.
- 2004-2010 **Director – Animal Nutrition, Research and Development**
Director – Companion Animal Nutrition Group
Senior Manager – Companion Animal Nutrition Group
Morinda Holdings, Provo, UT
- Responsible for technical service, product development, and education and training of distributors. Also responsible for management of the Companion Animal Nutrition Group. Direct research and product development in production and companion animals. Responsible for over \$1M in research funding, development of innovative botanical based companion and production animal products that increased sales over \$3M dollars in the first two years. Directed AAFCO feed definition application for a new feed ingredient.
- 1992 to 2013 **Vice President – Product Research and Development**
Evergreen Equine Products, Temecula, CA
- Responsible for feed formulation, product development and marketing plan of a premium line of horse products.
- 2000 to 2002 **Vice President of Operations**
Richdel, Inc., Carson City, NV
- Formulated many new innovative, commercially successful products, designed and oversaw several plant upgrades, and instituted written quality control procedures. Provided technical service in nutrition and horse management to distributors and end-users.
- 1994 to 2000 **Project Manager** – contract employee
Anheuser-Busch, Fort Collins, CO
- Responsible for \$8M per year in plant-wide capital projects. Project emphasis on engineering, utility conservation and training/teaching. Strong skills in SAP/R3.
- 1984 to 1991 **Acting Director, Research and Development**
Manager, Farr Equine Programs
Nutritionist / Horse Specialist
W.R. Grace & Co., Farr Better Feeds, Greeley, CO
- Responsible for over \$500K in research contracts, innovative product development that added \$5+M in sales. Oversaw acquisition of two firms, and managed extensive product development in highly successful horse feed operation. Served as a feedlot nutritionist with specific account responsibility.

1978 to 1984 **Assistant Professor of Animal Science**
Clemson University, Clemson, SC
Equine Teaching and Research; Nutrition Faculty; Faculty Supervisor; Horse and Sheep Teaching and
Research Farm. State Extension Beef and Swine Specialist.

1977 to 1978 **Lecturer**
California State University, Fresno, CA,
Beef Cattle production, Ruminant Nutritionist, Faculty Supervisor: Beef Cattle Unit.

Idaho Guides and Outfitters Association, Annual Convention, Moscow, ID, 1990
Colorado Outfitters Association, Annual Convention, Denver, CO, 1990
North American Trail Ride Conference, Annual Convention, Kansas City, MO, 1990
Alberta Horse Breeders Conference, Red Deer, Alberta, Canada, 1988 (two lectures)
FCX Feed Company Sales Meeting, Raleigh, NC, 1983
Diamond V Mills Annual Sales Meeting, Cedar Rapids, IA, 1983
Horse Nutrition and Feeding Short Course, Utah State University, Logan, UT, 1983 (four lectures)
Maryland Nutrition Conference, Washington, D.C., 1983
ASAS-CSAS Joint Annual Meeting, University of Guelph, Ontario, Canada, 1982
Georgia Horse Breeders Short Course, University of Georgia, Athens, GA, 1981
Greenwood County Horse Short Course, Greenwood, SC, 1980
International Stockmen's School, Tucson, AZ, 1980 (two lectures)

Society:

1983:

The Effect of soybean meal, pre-press solvent extracted cottonseed meal or mechanically extracted cottonseed meal on growth and protein status of yearling horses. Eighth Equine Nutr. and Physiol. Sym., Lexington, KY

1982:

Metabolism stalls for male equine. Southern Section ASAS, Orlando, FL

1981:

A comparison Study using SEM of cell wall attachment and degradation in ruminants and non-ruminant herbivores. Seventh Equine Nutr. and Physiol. Sym., Warrenton, VA

1979:

Nitrogen absorption from the cecum of a mature horse. Sixth Equine Nutr. and Physiol. Sym., College Station, TX

1978:

Effect of supplemental lysine and methionine of digestibility, nitrogen balance and plasma amino acid concentrations of growing calves. Western Section ASAS, Pomona, CA

1977:

Commercial urea protein blocks for broodmares, 69th Annual Meeting ASAS, Madison, WI

Grants/Proposals:

Primate model of colostrum-mediated neonatal immunity.

The specific goal of this study is to determine the mechanism of noni-mediated immune modulation in a primate model of colostrum-mediated neonatal immunity.

UW Institute for Clinical and Translational Research **UW ICTR**

Darien (PI) 10/01/2009 – 11/30/2010

Translational Type I Research Pilot Program

Role: BJD, PI; Godbee Collaborator.

NIH-National Center for Complementary and Alternative Medicine (NCCAM) Application ID:

1R21AT005997-01

Darien (PI) 1/01/2010 – 12/31/2012

Translational Type I Research Pilot Program

Role: BJD, PI; Godbee, Collaborator.

USDA Animal Health 2006-01686 Darien (PI) 8/01/2008 – 8/30/2011

Cooperative State Research, Education & Extension Service

Noni for Gestating & Lactating Sows: Effects on Immunity and Production.

This study investigates the effects of noni puree on cell biology of colostrum and umbilical cord blood of newborn piglets.

Role: BJD, PI; Godbee Co-PI

Physiological effects of exercise. Biomedical Research Support Grant, Clemson University.

The effects of dietary phosphorus on the reproductive performance of the mare. Morris Animal Foundation (invited proposal based on pre-proposal). Denver, CO

The effect of dietary phosphorus on the reproductive performance of the mare. American Quarter Horse Assoc. Amarillo, TX

Courses Taught

Equine Nutrition
Equine Science
Horse Production
Feeds and Feeding
Equitation (western)
Introduction to Animal Science
Animal Nutrition (graduate level)
Introduction to Agriculture
Beef Production
Livestock Evaluation
Intermediary Metabolism (graduate level)

Patents:

Garcinia mangostana L. enhanced animal food product #7,244,463
Morinda citrifolia based formulations for regulating T-cell immunomodulation in neonatal stock animals #8,652,546

Committees:

National
